

Certificate of Compliance – EU RoHS Directive 2011/65/EU and Directive (EU) 2015/863

NETGEAR certifies that the product JGS516-200EUS is compliant with Directive 2011/65/EU of the European Parliament and of the Council of 8 June 2011 on the restriction of the use of certain hazardous substances in electrical and electronic equipment, Commission Delegated Directive (EU) 2015/863, and all subsequent amendments to date.

NETGEAR hereby declares that in the product(s) named above the following exemptions are used:

- 6(a)-I – Lead as an alloying element in steel for machining purposes containing up to 0.35% lead by weight and in batch hot dip galvanised steel components containing up to 0.2% lead by weight
- 6(c) – Copper alloy containing up to 4% lead by weight
- 7(a) – Lead in high melting temperature type solders.
- 7(c)-I – Electrical and electronic components containing lead in a glass or ceramic other than dielectric ceramic in capacitors.

Serial Number

All NETGEAR RoHS products carry a 13 character SN, which is printed on the bottom of the product and has the format: CCCC**YM**CCCCCCC. This product conforms to the aforementioned Directive provisions if character: (Y = 0 through 9, A through H, T through Y AND M=1 through 9, A through C)

This certificate is for informational purposes only, does not constitute a legal representation and does not create or confirm the existence of any liabilities or obligations of NETGEAR.
