

RICH TEXT HTML PREVIEW

Rich text editor toolbar with icons for Bold (B), Italic (I), Underline (U), Strikethrough (ABC), Photos, Video, Alert, Code, Smiley, Link, Unlink, Bulleted List, Numbered List, Font color, and Font size.

Why? I have no idea.

I have downloaded the NetGear Genie, which show about the size of two postage stamps put together, so I have to use a magnifying glass to read what the page says. When I was finally able to read it the message is "NetGear Router is not installed." I have attempted to find out if I can reinstall, but can't find anything and don't have the money to ask support.

I'm going crazy! If someone has ideas I would love it!
