

DNS Addresses under Advanced

The screenshot shows the Frontier router's web interface. At the top left is the "frontier" logo. At the top right is a "Help" icon. Below the logo is a navigation bar with icons for "Main", "Wireless Settings", "My Connected Home", "Firewall Settings", "Advanced" (which is highlighted), and "System Monitoring". On the left side, there is a sidebar menu with "Main" and "DNS Server" (which is selected). The main content area is titled "DNS Server" and contains a "Domain Name" field with the value "OpenDNS" and a "Set" button. Below this is a table with columns "Device Name", "IP Address", and "Action".

Device Name	IP Address	Action
dslrouter	192.168.254.254	Set
OpenDNS	208.67.222.222	
OpenDNS1	208.67.220.220	
Add DNS Entry		

At the bottom left of the main content area is a "Cancel" button.

Under Connection Summary, I can see below, but can't find any place to edit the info

The screenshot shows the Frontier router's web interface. At the top left is the "frontier" logo. At the top right is a "Help" icon. Below the logo is a navigation bar with icons for "Main", "Wireless Settings", "My Connected Home", "Firewall Settings", "Advanced", and "System Monitoring". On the left side, there is a sidebar menu with "Main" and "Connection Summary" (which is selected). The main content area is titled "Connection Summary" and contains a table with various connection details.

DSL State	Up
DSL Rate	3354 Kbps / 860 Kbps
