How would you like to share your folder?

- **Share as Link (Folder: Recepten)**
  
  This allows you to generate an internet link that can easily be sent to others over email or social media.

  This link can be used to view and download files from the folder, but the files and folder cannot be modified.

- **Full Folder Access (Folder: Recepten)**
  
  This allows you to invite someone to create a ReadyCLOUD account of their own and access your selected folders via the ReadyCLOUD portal, mobile app and desktop apps.
